

## Slave Applications to Skysisters 2007

---

Cooee Ladies,

I David Monkey Salsbury would hereby love to apply officially to serve the Skysisters faithfully with all the energy I can muster for the upcoming event. The last Skysisters was one of the most special times I have ever had in the sport. The way you all helped each other to achieve your goals was purely inspirational. It will be our pleasure and honour to make the best video we have ever produced. I would like to add more interviews and seminars to the finished product to provide a more complete history of this magical event. Go the girls!!!!

Hey Susie,

It sounds like a great idea, you can put me down to help sell raffle tickets (I think the school would be able to buy quite a few) and if you want I have no problem donating myself to do some tandems for you.

As for my application for Skysisters I am still discussing with Nada, my main reason for wanting to be there is of course to support my girl and the rest of the girls too naturally.

Will talk to you later

**PT**

Hi Susie,

I just remembered that Nada is now coming to most of SS2 and that I need to get permission to come.

I am more than happy to pack for my girl and cook her some nice dinners. I will also bring cameras if someone wants a jump filmed or photographed and other people are busy. I can also help out in a general role if people need stuff done. So do I get to come?

**Please!**

To Skysister

I am offering my services to all Skysisters.

My name is Pavel Skotak alias **Skoty**. I was born in Czech Republic in 1976. I run a freefly school in my home dropzone and I was a member of Czech national freefly team. I can Offer following skills and magic.....

I am ready to do free FF coaching and organising with my preference to beginners and intermediate level.

It would be my pleasure to try to pass the freefly knowledge to other skydivers.

I am offering my services as a camera person to document the boogie with my camera and stills. Elads daily tapes are always one of the highlights of the boogies and he needs tons of footage.

I am ready to do free tandems jumps if Skysisters boogie needs them. Currently I work in TTS NZ as a tandem master and camera person.

Next...I am offering free services as a massage person. I have completed sport and regeneration massages course and I will gladly help to refresh tired skydivers after a long jumping days.

And if you need to lift something heavy I will be there too J

Hey Susie, checked out the SS site today and I'm more than happy to do "off dz landings pick up" if the position is still available.

If its hot and sweaty i can provide air-conditioned comfort as well as foam comfort for your rig. I will also supply 50-60 Cd's for any amp up or chill out music wanted. I have four spare seat's and they are all available!!

Hi Susie,

I just checked out the skysisters web site. It looks great. As well as doing AFF. I can also help out with doing tandems if you need another TM. Also if Ben wants to have a night off from the night jumps I would be willing to help out with them as well. See you soon.

Parts of a few emails from **Brad McDonald**.

In an attempt to keep Maybritt company – any room for an extra camera flyer prepared to pay his own slot to film outside camera on AFF, B rels, 4 ways, Starcrests etc.

Also prepared to provide a fast base on anything flat and fill a slot on 4 way if needed.

And then this when he was accepted and up on the website

Thanks for including me – honoured

Application to attend skysisters: **"Dingo" Mark Mccolgan**

It would be an honour to help the female skydivers at Skysisters 07 in the following ways:

- 1) Flying camera for girls who want to try freestyle
- 2) Freefly coaching
- 3) Production of day tapes and creative input to skits

Naturally attendance will also entail drag dress code for Friday night's party!

Hi Susie,

This is my 'boys application' to attend SS;

I should like to attend and offer my assistance/support in any way possible really.

I guess the main, obvious area is for me to assist the lady WS organisers Elaine and Heather, I can help brief and gear up the intro folks and assist as necessary with the flock/group organisation. I can fly camera on the flocks - leaving the girls free to concentrate their efforts on the formations.

I thought about other areas which I might be of use - of course, feel free to put me to work at whatever needs doing - something I came up with was the encouragement of female potential TI's; something I think lots of females are concerned about is the physical strength required to steer & land the canopy, I'm happy to take anyone interested up on a tandem and let them fly the canopy, with or without my help, so they can see what's involved without going to the expense of applying for something they aren't sure they can do. I guess that'd cost them the two slots and whatever gear hire rates you hire your tandem gear out at.

Cheers

Dear Susie,

I would like to express my interest in coming to Skysisters 2007. For my place at this most prestigious event I am willing to do FREE coaching for all girls. I am happy to coach in Freely, Canopy Control, AFF and B-Rels and video. I will also do FREE Tandems and Handcams for band members or other helpers of the event. Whilst not coaching I am more than agreeable to help out where ever necessary to ensure the smooth running of the event so that all of our Beautiful Skydiva's can focus all of their time and money in improving their freefall skills. I also have extra space in my room at the DZ and am willing to share that too;) cause I am such a nice guy. I will also help out with pre-event work if necessary. I hope you will look upon my application favourably and allow me to be a part of this most illustrious event. Thanks for the chance to apply. Please feel free to contact me for any further information.

### Application to participate at Skysisters Festival 2007

Dear Susie,

as discussed, here my official application for the Skysisters Festival 2007. My contribution to the Festival will include daily live music entertainment by the swimming pool area in the afternoons and before/during dinner. Furthermore, I shall assist in organising any further live entertainment if need be. If you plan to run a talent night comparable to the one at Equinox Boogie I would be more than delighted to run that one as well! I will, of course, organise technical equipment (PA, Amps, Microphones, Lights) prior to the Festival so that entertainment can be run smoothly.

Without need to mention, I would certainly love to be part of the cross-dress party again!

Apart from asking you to pay for my airfare, provide accommodation and (some) food I will not ask any payment for my efforts.

Looking forward to hearing from you soon!

Blue Skies, Robert aka **Herman da German**

Hey Susie,

I would like to apply for the skysisters symposium. There is whispered in Belgium that your groovy boogie really rocks! And to be honest, I would really like to accompany my beautiful lady and discover Oz together ;-)

To support the event, I'll try to relax and chill Lesley as much as possible, so she will be even more wicked in the sky then she normally is... To achieve that, I'll be surprising her every morning with a nice healthy breakfast on bed and covering her with kisses and sweet words. During the day, I'll try to make my sexy sweetheart feel really positive and happy so she can help you build the planned record skydives. In the evening, I'll massage her tired muscles so she'll be completely energized in the morning ;-)

Additionally, I would like to volunteer for some 'party related' tasks if you need some help in that area ;-)

Anyway, I hope I convinced you a little coz I really look forward to meeting you in Oz...

Ciel blue,

**Stikkos**
